Dear Mr. Murphy:

Department personnel have completed the review of the Draft Schedules for OUs 1, 2 and 3 and Interim Removal Actions, NAS Jacksonville. I have enclosed a memorandum addressed to me from Mr. Jorge Caspary. It documents our comments on the referenced report.

If I can be of any further assistance with this matter, please contact me at 904/488-3935.

Sincerely,

SUBJECT: Review of Draft Schedules for OUs 1, 2, and 3 & IRAs.  
Jacksonville Naval Air Station.

---

I have reviewed the subject schedules and have the following comments for the Navy's consideration.

**GENERAL COMMENT**

The schedules presented are generally acceptable for their purposes; however, an important point should be addressed by the Navy before the Department can concur on work scheduled for FY 1995 and out projected years: the schedules devote a considerable amount of time to the development, and review of "rough" Records Of Decision (ROD). Note, these non-primary documents are completely separate from a Draft ROD, moreover, experience gained by the Navy on the Development of the "rough" IRODs for the IRA actions at OUs 1 and 2 should be applied to shortening the time devoted to ROD development at other Operable Units. The Department encourages the Navy's Jacksonville RPM to redevelop the schedules presented to the Department. Please see specific comments regarding this point on the next page.

## **SPECIFIC COMMENTS**

### **IRA SCHEDULES**

Please provide the tentative IRA schedules for PSCs 2, 41, and 43.

### **Operable Unit 1**

Please move Item A0930 to item A0817. The Department would like to have a OU-1 Draft ROD presented by 18 July 1995. Modify the schedule accordingly.
